

AQUARIUM ALLIANCE

Your One-Stop Aquarium Supplies Partner

INTRODUCTION

Aquarium Alliance is the world's first aquarium supply alliance. Our product range covers fresh water tropical fish (Discus, Arowana, 1500++ species of Tropical Fish and Stingray), marine fish, aquatic plants, aquarium accessories, reptiles, and packing material for fish transport.

Currently, our alliance covers 70% of all the tropical fish, 60% of all the marine fish and 70% of the aquatic plant found in the world.

Founded in 2010, by the founding partners, Beau-Fish Worldwide Sdn Bhd, Aqua Synergy Sdn Bhd, PD Jaya Aquarium International, Asia Aquatic Co. Ltd and Arass GmbH, Aquarium Alliance has since grown considerably and now has 13 members.

Our product team is actively seeking new members from other sources of origin such as Asia Region, South America Region, and Africa Region. We are responsible and ensure ONLY quality and professional members join our alliance.

Aquarium Alliance currently has more than 140 import-export shipments per month, and serves 130 customers in 63 countries across 5 continents.

Aquarium Alliance is headquartered in Kuala Lumpur, Malaysia.
